

## TV programme I watched

by Chan Hung Chun, Galileo 4A

Last week was Christmas holiday. I spent more time on watching TV.

I watched different types of TV programmes, for example, dramas, sports programmes, game show and cartoons. My favourite TV programme was 'Premier League Highlights' because it was very exciting. When I was watching 'Premier League Highlights' I tried to learn the skills. The TV programme that I dislike most was 'Toy Story' because it was very boring. When I was watching 'Toy Story', I fell asleep.

Actually, I like watching TV programme very much. The best programme was 'Forensic Heroes'. It was about case investigation. The worst programme was 'Big City Shop'. It was an informative programme about shopping, cooking and entertainment. I think watching TV is a good way for relaxation and learning.
