My Christmas Memory

I went to Japan with my family. When we arrived, we quickly got our hotel room and went sightseeing. The weather was cold, so we had to wear jackets. After a walk of an hour or so, we were in Mountain Fuji. It was huge!

Dad told me that the Fuji Mountain was a sleeping volcano, any earthquakes will trigger it from exploding. Mom helped me to take some photos. I loved Mt Fuji!

The next day we went to Tokyo Disneyland. Compared to Hong Kong Disneyland, it was really different. My brother and I wanted to play on the rides, but my brother wasn't tall, so he and Dad went to somewhere else, while my mom and I rode on the roller coaster. Next we went to take pictures with cartoon characters, such as Mickey Mouse, Donald Duck.....It was fun!

On the third day, we went to a Japanese restaurant. We tried some sushi. They were delicious. My brother didn't like seafood, so he ate some dumplings. Dad and Mom loved sushi, so they orders 10 dishes of salmon fish, shrimp.....Everyone was full, but I have to admit, it was very yummy!

I loved Tokyo. I hope I can go there again. It was the most exciting three days of my life! I want to go to Osaka next time, and do different things! I am so happy! I enjoyed it a lot.
