My Christmas Memory

I went to Japan with my parents. On the first day, we went sightseeing in Mountain Fuji. It was bigger than I imagined. I was very happy. My parents also took some photos of me and my brother.

In the second day, we went to Tokyo Disneyland, we ate fast food there and rode on rides. I lined up for the roller coaster with my brother. It was really fast. We even screamed.

At night, we went to a Japanese restaurant to try some sushi and saahimi. The food was really delicious when dipped in soy sauce.

Later, we went shopping for some nice clothes and toys for my brother. Since it was Christmas, we went to watch the Christmas lights.

I enjoyed visiting Japan. I hoped that I can go there again next Christmas. I wanted to climb Mountain Fuji and play more games. It was an unforgettable trip.
