Lost the Wallet at Marine Park

Yesterday I went to Marine Park with my parents to watch a dolphin show at the theatre. The weather was hot and sunny. The dolphin show was very exciting. The dolphins were amazing! There was a man holding a hula hoop and the dolphins jumped through the hula hoop. It was so cool!

The dolphin show was so fantastic that I stood up and started clapping with other people. We left after the show ended.

Suddenly, when I put my hand in my pocket, I found that my wallet wasn't there. I was so scared so I told my parents that I accidentally left my wallet at the theatre.

In the end, we went back to the theatre to look for my wallet. We looked for a few minutes but I still couldn't find it. Fortunately, my parents found my wallet at the back of my seat. I was grateful to have my wallet back. I thought I would actually lose it forever! I learnt that I should look after my belongings. What an unforgettable day!
