A Fantastic Trip to Japan

I went to Japan with my parents on 24th December because it was my birthday. It was a cloudy day and the weather was cold. We wore scarves and sweaters to Japan. We were excited.

We arrived at the hotel at 8:30 a.m. After that, we went to go sightseeing at Mountain Fuji. The scenery was wonderful! We took a lot of photos there with my parents.

Then we went to Tokyo Disneyland. We rode on the roller coaster. People screamed and they shouted loudly. We were excited.

We could eat a house so we went to a Japanese restaurant to have some Japanese food such as sushi and sashimi. They tasted nice.

Finally, we went to a special place. There were many flowers, butterflies, lady bugs etc. We felt so happy that day because I could take some photos for sightseeing at Mountain Fuji. We went to Tokyo Disneyland to ride on the roller coaster. We ate Japanese food and saw many insects. We hoped we could go to Japan again!
