My diary

My birthday was on the third of June. My parents took me to Ocean Park because I love pandas.

First we went to visit the pandas. They were black and white. They were cute. We took photos with the pandas. Then we played games. The games were funny. We were happy.

Next we felt hungry, so we went to Yummy Restaurant to eat some food. We ate fish, rice and drank tea. They were yummy. I was full. My mum gave me a key ring. I felt joyful.

In the end, we went back home. We felt tired but happy. What a good day! I wish that every day would be my birthday.
