

### Island Surprise

Derek and his brother, David wanted to look for treasure on an island. They started to sail not long after they left the docks. David saw an island using his binoculars. Then they matched the island with the map they had. The weather was hot and sunny. But they were focusing on getting the treasure. They grew up very poor so they really needed the money to survive.

When they got closer to the island, suddenly, the clouds turned pitch black. It started raining. It looked like a huge storm was brewing. It started raining heavily. Each drop of the rain was heavy. Then there was lightning. Their boat flipped. They fell into the sea. The binoculars and the map sank to the bottom of the sea. Their paddles also sank into the sea.

That did not stop the brothers. They were determined to get the treasure. They swam and swam. At last, they reached the island. They were tired so they took a short break. They were very excited. David shouted, 'We made it! We did it!' The brothers couldn't believe it. They were going to have all the money in the world.

But they had lost the map. They looked for the treasure for a week. They couldn't find anything. They sat down and they felt something. It was a box. They took a look. Then there it was - a golden chest. They were so excited. When they opened it, they were confused. Nothing was inside but a note. The note wrote, 'Travellers, it seems you found the treasure. Sorry, there is nothing here. The journey here was your treasure. I hope you enjoyed it.'

They were disappointed but the journey was fun and exciting. They had a great time.
