

1D Law Wan Hang, Ashere (14)

My school

I am a primary school pupil and I study at Leung Sing Tak School.

There are many facilities at my school. There is a playground. Students can play there at recess. There are also a garden, library and classrooms. The computer room is next to English Corner on the ground floor. I always read in the library before school.

I like my school. My teachers are kind and my classmates are friendly.
