### The sports day

The sports day was on the twenty-second of April. It was cloudy. It took place at Tin Shui Wai Sports Ground. I went there by bus with my mum. I joined the inter-class relay with three classmates. I was happy because we ran very fast so we got a medal! Then I went to the stand to cheer up my friends because they were having other races. I was thankful because it didn't rain that day. I felt fantastic too! I want to join the sports day and get a medal again next year. What a great day!
