

Island Surprise

Derek and his brother, David wanted to look for treasure on an island. David said, 'I've found a very old treasure map and a binocular from grandpa's chest at the basement,' 'Wow,' said Derek. 'Let's sail to the island.'

After a few days, the brothers has prepared supplies for the trip. They sailed off to the island. The weather was sunny with a bit cloud. They sailed as fast as they could. Two hours later, there's some wind but they didn't care. After another three hours, there's a lot of clouds and it's going to rain. David said, 'Oh, I think it's gonna rain!' Derek agreed. Soon it started raining. After a while, there was thunder and lightning.

Then the storm became heavier. All a sudden there's a big wave. Derek accidentally dropped the binocular to the sea and the boat sunk. The brothers had no choice but swim. As last they swum and laned to an island. They still had the map, so they started to find the treasure.

In the end, they found the treasure and started the fire, hopefully some ships could find them. Luckily a ship passed by and saved them. The treasure they found was the brotherhood. They learnt to take care of each other when there's a problem.
